Forward Looking Statements

This presentation and statements by our management may constitute “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that include, without limitation, statements on slides entitled “Financial Outlook” and "Q2 2023 Highlights and 2023 Outlook," statements regarding our strategic priorities and liquidity and capital management strategies, expectations with regard to our business, financial, and operating results, including our deposit base and funding, the impact of future economic conditions, and statements that include, other projections, predictions, expectations, or beliefs about future events or results, including our ability to meet our top tier financial targets, or otherwise are not statements of historical fact. Such forward-looking statements are based on certain assumptions as of the time they are made, and are inherently subject to known and unknown risks, uncertainties, and other factors, some of which cannot be predicted or quantified, that may cause actual results, performance, achievements, or trends to be materially different from those expressed or implied by such forward-looking statements. Such statements are often characterized by the use of qualified words (and their derivatives) such as “expect,” “believe,” “estimate,” “plan,” “project,” “anticipate,” “intend,” “will,” “may,” “view,” “opportunity,” “potential,” “continue,” “confidence,” or words of similar meaning or other statements concerning opinions or judgment of the Company and our management about future events. Although we believe that our expectations with respect to forward-looking statements are based upon reasonable assumptions within the bounds of our existing knowledge of our business and operations, there can be no assurance that actual future results, performance, or achievements of, or trends affecting, us will not differ materially from any projected future results, performance, achievements or trends expressed or implied by such forward-looking statements. Actual future results, performance, achievements or trends may differ materially from historical results or those anticipated depending on a variety of factors, including, but not limited to the effects of or changes in:

- market interest rates and their related impacts on macroeconomic conditions, customer and client behavior, our funding costs and our loan and securities portfolios;
- inflation and its impacts on economic growth and customer and client behavior;
- adverse developments in the financial industry generally, such as the recent bank failures, responsive measures to mitigate and manage such developments, related supervisory and regulatory actions and costs, and related impacts on customer and client behavior;
- the sufficiency of liquidity;
- general economic and financial market conditions, in the United States generally and particularly in the markets in which we operate and which our loans are concentrated, including the effects of declines in real estate values, an increase in unemployment levels and slowdowns in economic growth;
- monetary and fiscal policies of the U.S. government, including policies of the U.S. Department of the Treasury and the Federal Reserve;
- the quality or composition of our loan or investment portfolios and changes therein;
- demand for loan products and financial services in our market areas;
- our ability to manage our growth or implement our growth strategy;
- the effectiveness of expense reduction plans;
- the introduction of new lines of business or new products and services;
- our ability to recruit and retain key employees;
- real estate values in our lending area;
- changes in accounting principles, standards, rules, and interpretations, and the related impact on our financial statements;
- an insufficient ACL or volatility in the ACL resulting from the CECL methodology, either alone or as that may be affected by inflation, changing interest rates, or other factors;
- our liquidity and capital positions;
- concentrations of loans secured by real estate, particularly commercial real estate;
- the effectiveness of our credit processes and management of our credit risk;
- our ability to compete in the market for financial services and increased competition from fintech companies;
- technological risks and developments, and cyber threats, attacks, or events;
- operational, technological, cultural, regulatory, legal, credit, and other risks associated with the exploration, consummation and integration of potential future acquisitions, whether involving stock or cash considerations;
- the potential adverse effects of unusual and infrequently occurring events, such as weather-related disasters, terrorist acts, geopolitical conflicts or public health events, and of governmental and societal responses thereto; these potential adverse effects may include, without limitation, adverse effects on the ability of our borrowers to satisfy their obligations to us, on the value of collateral securing loans, on the demand for the our loans or our other products and services, on supply chains and methods used to distribute products and services, on incidents of cyberattack and fraud, on our liquidity or capital positions, on risks posed by reliance on third-party service providers, on other aspects of our business operations and on financial markets and economic growth;
- the discontinuation of LIBOR and its impact on the financial markets, and our ability to manage operational, legal, and compliance risks related to the discontinuation of LIBOR and implementation of one or more alternate reference rates;
- performance by our counterparties or vendors;
- deposit flows;
- the availability of financing and the terms thereof;
- the level of prepayments on loans and mortgage-backed securities;
- legislative or regulatory changes and requirements;
- actual or potential claims, damages, and fines related to litigation or government actions, which may result in, among other things, additional costs, fines, penalties, restrictions on our business activities, reputational harm, or other adverse consequences;
- the effects of changes in federal, state or local tax laws and regulations;
- any event or development that would cause us to conclude that there was an impairment of any asset, including intangible assets, such as goodwill;
- other factors, many of which are beyond our control; and
- the risks, uncertainties and assumptions set forth under the heading “Caution About Forward-Looking Statements” in the joint press release issued by the Company and American National Bankshares Inc. on July 25, 2023 with respect to the proposed merger transaction between the Company and American National.

Please also refer to such other factors as discussed throughout Part I, Item 1A. “Risk Factors” and Part II, Item 7, “Management’s Discussion and Analysis of Financial Condition and Results of Operations” of our Annual Report on Form 10 K for the year ended December 31, 2022, Part II, Item 1A. "Risk Factors" in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2023 and related disclosures in other filings, which have been filed with the U.S. Securities and Exchange Commission (“SEC”) and are available on the SEC’s website at www.sec.gov. All risk factors and uncertainties described herein and therein should be considered in evaluating forward-looking statements, and all of the forward-looking statements are expressly qualified by the cautionary statements contained or referred to herein and therein. The actual results or developments anticipated may not be realized or, even if substantially realized, they may not have the expected consequences to or effects on the Company or its businesses or operations. Readers are cautioned not to rely too heavily on the forward-looking statements, and undue reliance should not be placed on such forward-looking statements. Forward-looking statements speak only as of the date they are made. We do not intend or assume any obligation to update, revise or clarify any forward-looking statements that may be made from time to time by or on behalf of the Company, whether as a result of new information, future events or otherwise.

Additional Information

Non-GAAP Financial Measures

This presentation contains certain financial information determined by methods other than in accordance with generally accepted accounting principles in the United States ("GAAP"). These non-GAAP financial measures are a supplement to GAAP, which is used to prepare the Company's financial statements, and should not be considered in isolation or as a substitute for comparable measures calculated in accordance with GAAP. In addition, the Company's non-GAAP financial measures may not be comparable to non-GAAP financial measures of other companies. The Company uses the non-GAAP financial measures discussed herein in its analysis of the Company's performance. The Company's management believes that these non-GAAP financial measures provide additional understanding of ongoing operations, enhance comparability of results of operations with prior periods, show the effects of significant gains and charges in the periods presented without the impact of items or events that may obscure trends in the Company's underlying performance, or show the potential effects of accumulated other comprehensive income (or AOCI) or unrealized losses on securities on the Company's capital.

Please see "Reconciliation of Non-GAAP Disclosures" at the end of this presentation for a reconciliation to the nearest GAAP financial measure.

No Offer or Solicitation

This presentation does not constitute an offer to sell or a solicitation of an offer to buy any securities. No offer of securities shall be made except by means of a prospectus meeting the requirements of the Securities Act of 1933, as amended, and no offer to sell or solicitation of an offer to buy shall be made in any jurisdiction in which such offer, solicitation or sale would be unlawful.

Q2 2023 Highlights and 2023 Outlook

Loan and Deposit Growth

- Relatively flat deposit balances quarter over quarter
- 13.3% annualized loan growth in Q2 2023
- Line of Credit Utilization of 34% for Q2 2023 and relatively flat with Q1 2023
- Expect mid-single digit loan growth for 2023

Operating Leverage Focus

- ~4.9% adjusted revenue growth[1] year over year
- ~3.8% adjusted operating noninterest expense growth[1] year over year
- Adjusted operating leverage[1] of ~1.1% year over year
- Pre-Tax, Pre-Provision adjusted operating earnings[1] increased 7.7% year over year
- Took strategic actions to reduce expenses in Q2

Positioning for Long Term

- Lending pipelines remain resilient
- No material deposit run-off to larger banks
- Drive organic growth and performance of the core banking franchise

Differentiated Client Experience

- Position Company as responsive, strong and capable alternative to large national banks

Asset Quality

- Q2 2023 net charge-offs at 4 bps annualized and expect net charge-offs of ~10 bps for 2023

Capitalize on Strategic Opportunities

- Selectively consider bank M&A, minority stakes and strategic partnerships as a supplemental strategy
- **Announced agreement to acquire American National Bankshares, Inc.**

We are focused on three Strategic Priorities

Organic

Deliver Organic Growth

- Overweighting opportunities in Wholesale Banking Group
- Directing consumer efforts to market segments and delivery channels with the strongest value proposition
- Prioritizing fee income growth
- Maintaining a reliable low-cost deposit base
- Maximizing operating leverage, productivity, efficiency, and scale
- Attracting and retaining top talent in alignment with broader business goals and strategic priorities

Innovate and Transform

- Pressing the relationship model advantage where bankers provide advocacy and advice, form stickier relationships, and use technology to enable deeper relationships
- Creating a frictionless experience for customers by integrating human interactions with digital capabilities
- Eliminating low value tasks and enabling more high value interactions with customers
- Eliminating legacy system constraints and accelerating modernization of technology while rationalizing operating costs and reengineering processes
- Emphasizing robotics, automation and FinTech partnerships

Inorganic

Strategic Investments

- Leverage FinTech partnerships, strategic partner equity investments, as well as non-bank and whole-bank acquisition opportunities for step-change accelerants of growth
- Acquisition philosophy remains: strategic, disciplined, and measured with an eye towards transactions that increase density and scarcity value, add contiguous markets, increase operating leverage, diversify revenue streams, and enable the reinvestment of cost savings into technology
- Ensuring merger and acquisition activity complements, enables, and scales technology and the advancement of our customer value proposition, potentially including whole bank, non-bank, minority stakes, and partnerships

Capital Management Strategy

Atlantic Union capital management objectives are to:

- Maintain designation as a "well capitalized" institution.
- Ensure capital levels are commensurate with the Company's risk profile, capital stress test projections, and strategic plan objectives.

The Company's capital ratios are well above regulatory well capitalized levels as of June 30, 2023

- On a proforma basis, the Company would be well capitalized if unrealized losses on securities were realized at June 30, 2023

Capital Management Actions

- During the second quarter, the Company paid dividends of $171.88 per outstanding share of Series A Preferred Stock and $0.30 per common share which is the same as the prior quarter's and an approximately 7% increase from the prior year's dividend.

Q2 Macroeconomic Forecast

Moody's June 2023 Baseline Forecast:

- US GDP expected to average ~1.6% growth in 2023 and ~1.4% in 2024.
- The national unemployment rate expected to average ~3.6% in 2023 and ~4.1% in 2024.
- Virginia's unemployment rate expected to average ~3.2% over the 2-year forecast period.

Q2 ACL Considerations

- The Virginia unemployment forecast used for 2Q23 considered a baseline forecast of ~3.2%, adjusted for the probability of worse-than baseline economic performance, resulting in an average weighted forecast of ~6.1%.
- Qualitative factors were added for certain portfolios and other factors as deemed appropriate, consistent with prior quarter.
- The reasonable and supportable forecast period is 2 years; followed by reversion to the historical loss average over 2 years; consistent with CECL adoption.

Reconciliation of Non-GAAP Disclosures

The Company has provided supplemental performance measures on a tax-equivalent, tangible, operating, adjusted, or pre-tax pre-provision basis. These non-GAAP financial measures are a supplement to GAAP, which is used to prepare the Company's financial statements, and should not be considered in isolation or as a substitute for comparable measures calculated in accordance with GAAP. In addition, the Company's non-GAAP financial measures may not be comparable to non-GAAP financial measures of other companies. The Company uses the non-GAAP financial measures discussed herein in its analysis of the Company's performance. The Company's management believes that these non-GAAP financial measures provide additional understanding of ongoing operations, enhance comparability of results of operations with prior periods and show the effects of significant gains and charges in the periods presented without the impact of items or events that may obscure trends in the Company's underlying performance.

Reconciliation of Non-GAAP Disclosures

Adjusted operating measures exclude, as applicable, strategic cost saving initiatives (principally composed of severance charges related to headcount reductions and charges for exiting leases), a legal reserve associated with an ongoing regulatory matter previously disclosed, gains and losses on sale of securities, as well as the gain on sale of Dixon, Hubard, Feinour & Brown, Inc., ("DHFB"). The Company believes these non-GAAP adjusted measures provide investors with important information about the continuing economic results of the organization's operations. Net interest income (FTE) and total adjusted revenue (FTE), which are used in computing net interest margin (FTE), efficiency ratio (FTE) and adjusted operating efficiency ratio (FTE), provide valuable additional insight into the net interest margin and the efficiency ratio by adjusting for differences in tax treatment of interest income sources. The entire FTE adjustment is attributable to interest income on earning assets, which is used in computing yield on earning assets. Interest expense and the related cost of interest-bearing liabilities and cost of funds ratios are not affected by the FTE components. The adjusted operating efficiency ratio (FTE) excludes, as applicable, the amortization of intangible assets, strategic cost saving initiatives, a legal reserve associated with an ongoing regulatory matter previously disclosed, gains and losses on sale of securities, as well as the gain on sale of DHFB. This measure is similar to the measure utilized by the Company when analyzing corporate performance and is also similar to the measure utilized for incentive compensation. The Company believes this adjusted measure provides investors with important information about the continuing economic results of the organization's operations.

Adjusted operating measures exclude, as applicable, merger and rebranding-related costs, the gains or losses related to balance sheet repositioning (principally composed of gains and losses on debt extinguishment), gains or losses on sale of securities, gains on the sale of Visa, Inc. Class B common stock, a legal reserve associated with an ongoing regulatory matter previously disclosed, strategic cost savings initiatives, gain on sale of DHFB, and strategic branch closure initiatives (principally composed of severance charges related to headcount reductions and charges for exiting leases) and related facility consolidation costs (principally composed of real estate, leases and other assets write downs, as well as severance and expense reduction initiatives). The Company believes these non-GAAP adjusted measures provide investors with important information about the continuing economic results of the organization's operations. Tangible assets and tangible common equity are used in the calculation of certain profitability, capital, and per share ratios. The Company believes tangible assets, tangible common equity and the related ratios are meaningful measures of capital adequacy because they provide a meaningful base for period-to-period and company-to-company comparisons, which the Company believes will assist investors in assessing the capital of the Company and its ability to absorb potential losses. The Company believes tangible common equity is an important indication of its ability to grow organically and through business combinations, as well as its ability to pay dividends and to engage in various capital management strategies. Additionally, the Company believes that return on tangible common equity (ROTCE) is a meaningful supplement to GAAP financial measures and useful to investors because it measures the performance of a business consistently across time without regard to whether components of the business were acquired or developed internally.

Reconciliation of Non-GAAP Disclosures

Tangible assets and tangible common equity are used in the calculation of certain profitability, capital, and per share ratios. The Company believes tangible assets, tangible common equity and the related ratios are meaningful measures of capital adequacy because they provide a meaningful base for period-to-period and company-to-company comparisons, which the Company believes will assist investors in assessing the capital of the Company and its ability to absorb potential losses. The Company believes tangible common equity is an important indication of its ability to grow organically and through business combinations, as well as its ability to pay dividends and to engage in various capital management strategies. The Company also calculates adjusted tangible common equity to tangible assets ratios to exclude AOCI, which is principally comprised of unrealized losses on AFS securities, and to include the impact of unrealized losses on HTM securities. The Company believes that each of these ratios enables investors to assess the Company's capital levels and capital adequacy without the effects of changes in AOCI, some of which are uncertain and difficult to predict, or assuming that the Company realized all previously unrealized losses on HTM securities at the end of the period, as applicable.

Reconciliation of Non-GAAP Disclosures

All regulatory capital ratios at June 30, 2023 are estimates and subject to change pending the Company's filing of its FR Y-9 C. In addition to these regulatory capital ratios, the Company adjusts certain regulatory capital ratios to include the impacts of AOCI, which the Company has elected to exclude from regulatory capital ratios under applicable regulations, and net unrealized losses on HTM securities, assuming that those unrealized losses were realized at the end of the period, as applicable. The Company believes that each of these ratios help investors to assess the Company's regulatory capital levels and capital adequacy.
