Forward Looking Statements

Certain statements in this presentation may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements are statements that include, without limitation, projections, predictions, expectations or beliefs about future events or results that are not statements of historical fact. Such forward-looking statements are based on various assumptions as of the time they are made, and are inherently subject to known and unknown risks, uncertainties, and other factors, some of which cannot be predicted or quantified, that may cause actual results, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. Forward-looking statements are often accompanied by words that convey projected future events or outcomes such as "expect," "believe," "estimate," "plan," "project," "anticipate," "intend," "wili," "may," "view," "opportunity," "potential," or words of similar meaning or other statements concerning opinions or judgment of Atlantic Union Bankshares Corporation ("Atlantic Union" or the "Company") and its management about future events.

Although Atlantic Union believes that its expectations with respect to forward-looking statements are based upon reasonable assumptions within the bounds of its existing knowledge of its business and operations, there can be no assurance that actual results, performance, or achievements of, or trends affecting, the Company will not differ materially from any projected future results, performance, or achievements or trends expressed or implied by such forward-looking statements. Actual future results, performance, achievements or trends may differ materially from historical results or those anticipated depending on a variety of factors, including, but not limited to:

- · changes in interest rates;
- general economic and financial market conditions, in the United States generally and
 particularly in the markets in which the Company operates and which its loans are
 concentrated, including the effects of declines in real estate values, an increase in
 unemployment levels and slowdowns in economic growth, including as a result of COVID19.
- · the quality or composition of the loan or investment portfolios and changes therein;
- demand for loan products and financial services in the Company's market area;
- the Company's ability to manage its growth or implement its growth strategy;
- · planned branch consolidations;
- the introduction of new lines of business or new products and services:
- · the Company's ability to recruit and retain key employees;
- the incremental cost and/or decreased revenues associated with exceeding \$10 billion in assets:
- · real estate values in the Bank's lending area:
- an insufficient ACL;
- changes in accounting principles relating to loan loss recognition (CECL);
- the Company's liquidity and capital positions:
- concentrations of loans secured by real estate, particularly commercial real estate;
- the effectiveness of the Company's credit processes and management of the Company's credit risk:

- · the Company's ability to compete in the market for financial services;
- · technological risks and developments, and cyber threats, attacks, or events;
- the potential adverse effects of unusual and infrequently occurring events, such as weather-related disasters, terrorist acts or public health events (such as COVID-19), and of governmental and societal responses thereto; these potential adverse effects may include, without limitation, adverse effects on the ability of the Company's borrowers to satisfy their obligations to the Company, on the value of collateral securing loans, on the demand for the Company's loans or its other products and services, on incidents of cyberattack and fraud, on the Company's liquidity or capital positions, on risks posed by reliance on third-party service providers, on other aspects of the Company's business operations and on financial markets and economic growth;
- the effect of steps the Company takes in response to COVID-19, the severity and duration
 of the pandemic, including whether there is a "second wave" as a result of the loosening of
 governmental restrictions, the pace of recovery when the pandemic subsides and the
 heightened impact it has on many of the risks described herein:
- performance by the Company's counterparties or vendors;
- deposit flows;
- · the availability of financing and the terms thereof;
- · the level of prepayments on loans and mortgage-backed securities;
- legislative or regulatory changes and requirements, including the impact of the CARES Act and other legislative and regulatory reactions to COVID-19;
- potential claims, damages, and fines related to litigation or government actions, including litigation or actions arising from the Company's participation in and administration of programs related to COVID-19, including, among other things, the CARES Act;
- the effects of changes in federal, state or local tax laws and regulations;
- monetary and fiscal policies of the U.S. government including policies of the U.S.
 Department of the Treasury and the Federal Reserve;
- · changes to applicable accounting principles and guidelines; and
- · other factors, many of which are beyond the control of the Company

Please refer to the "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations' sections of the Company's Annual Report on Form 10-K for the year ended December 31, 2019, comparable "Risk Factors" sections of the Company's Quarterly Reports on Form 10-Q, and related disclosures in other filings, which have been filed with the Securities and Exchange Commission (the "SEC"), and are available on the SEC's website at www.sec.gov. All of the forward-looking statements made in this presentation are expressly qualified by the cautionary statements made in this substantially realized, they may not have the expected consequences to or effects on the Company or its businesses or operations. You are cautioned not to rely too heavily on the forward-looking statements contained in this presentation. Forward-looking statements speak only as of the date they are made and the Company does not undertake any obligation to update, revise or clarify these forward-looking statements, whether as a result of new information future events or otherwise.

Additional Information

Unaudited Pro Forma Financial Information

Any unaudited pro forma financial information included in, or discussed in connection with this presentation, is presented for informational purposes only and does not necessarily reflect the financial results of the combined company had the companies actually been combined during periods presented. The adjustments included in any such unaudited pro forma financial information are preliminary and may be significantly revised and may not agree to actual amounts finally recorded by Atlantic Union. This financial information does not reflect the benefits of the Access merger's expected cost savings and expense efficiencies, opportunities to earn additional revenue, potential impacts of current market conditions on revenues or asset dispositions, among other factors, and includes various preliminary estimates and may not necessarily be indicative of the financial position or results of operations that would have occurred if the merger had been completed on the date or at the beginning of the period indicated or which may be attained in the future.

Non-GAAP Financial Measures

This presentation contains certain financial information determined by methods other than in accordance with generally accepted accounting principles in the United States ("GAAP"). These non-GAAP disclosures have limitations as an analytical tool and should not be considered in isolation or as a substitute for analysis of our results as reported under GAAP, nor are they necessarily comparable to non-GAAP performance measures that may be presented by other companies. The Company uses the non-GAAP financial measures discussed herein in its analysis of the Company's performance. The Company's management believes that these non-GAAP financial measures provide additional understanding of ongoing operations, enhance comparability of results of operations with prior periods and show the effects of significant gains and charges in the periods presented without the impact of items or events that may obscure trends in the Company's underlying performance.

Please see "Reconciliation of Non-GAAP Disclosures" at the end of this presentation for a reconciliation to the nearest GAAP financial measure.

No Offer or Solicitation

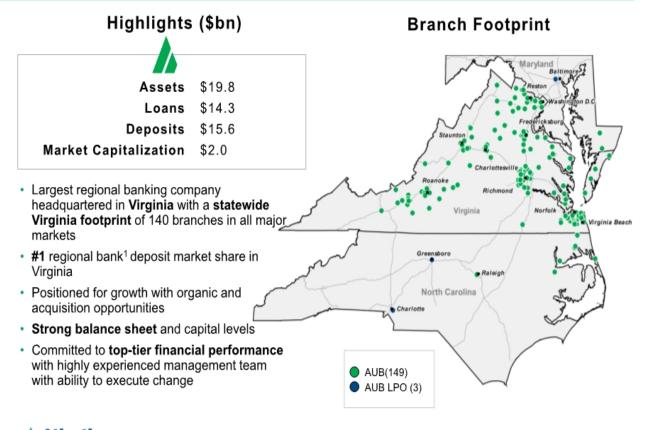

This presentation does not constitute an offer to sell or a solicitation of an offer to buy any securities. No offer of securities shall be made except by means of a prospectus meeting the requirements of the Securities Act of 1933, as amended, and no offer to sell or solicitation of an offer to buy shall be made in any jurisdiction in which such offer, solicitation or sale would be unlawful.

2020 Operating Environment - Adapting to the New Reality

Soundness

Profitability

Growth

During challenging times, it is important to remember our governing philosophy – "Soundness, Profitability, & Growth – in that order of priority"

This core philosophy is serving us well as we manage the Company through the current coronavirus pandemic crisis.

We are managing through an unprecedented crisis that requires intense focus on the safety, soundness and profitability of the Company at this time. Growth is not our main focus. What we are doing now is:

- Taking care of our Teammates and clients they will remember how we treated them during this period.
- ➤ Mitigating credit risk batten down the hatches and protect the Bank working with our business and consumer clients to assist them through these tough times.
- Aligning the expense base to the new revenue reality ensure sustained top tier financial performance on the other side.

By effectively managing through this crisis, we will become a stronger company that is well positioned to take advantage of growth opportunities as economic activity resumes aided by government support and stimulus.

The Company has provided supplemental performance measures on a tax-equivalent, tangible, operating, or pretax pre-provision basis. These non-GAAP financial measures are a supplement to GAAP, which is used to prepare the Company's financial statements, and should not be considered in isolation or as a substitute for comparable measures calculated in accordance with GAAP. In addition, the Company's non-GAAP financial measures may not be comparable to non-GAAP financial measures of other companies. The Company uses the non-GAAP financial measures discussed herein in its analysis of the Company's performance. The Company's management believes that these non-GAAP financial measures provide additional understanding of ongoing operations, enhance comparability of results of operations with prior periods and show the effects of significant gains and charges in the periods presented without the impact of items or events that may obscure trends in the Company's underlying performance.

Operating measures exclude merger and rebranding-related costs unrelated to the Company's normal operations. The Company believes these measures are useful to investors as they exclude certain costs resulting from acquisition activity and allow investors to more clearly see the combined economic results of the organization's operations. Additionally, the Company believes that return on tangible common equity (ROTCE) is a meaningful supplement to GAAP financial measures and useful to investors because it measures the performance of a business consistently across time without regard to whether components of the business were acquired or developed internally.

The operating efficiency ratio (FTE) excludes the amortization of intangible assets and merger-related costs. This measure is similar to the measure utilized by the Company when analyzing corporate performance and is also similar to the measure utilized for incentive compensation. The Company believes this measure is useful to investors as it excludes certain costs resulting from acquisition activity allowing for greater comparability with others in the industry and allowing investors to more clearly see the combined economic results of the organization's operations.

Pre-tax pre-provision (PTPP) earnings excludes the provision for credit losses, which can fluctuate significantly from period-to-period under the recently adopted CECL methodology, merger and rebranding-related costs unrelated to the Company's normal operations, and income tax expense. The Company believes this measure is useful to investors as it excludes certain costs resulting from acquisition activity as well as the potentially volatile provision measure, and allows for greater comparability with others in the industry and for investors to more clearly see the combined economic results of the organization's operations.

Tangible common equity is used in the calculation of certain profitability, capital, and per share ratios. The Company believes tangible common equity and the related ratios are meaningful measures of capital adequacy because they provide a meaningful base for period-to-period and company-to-company comparisons, which the Company believes will assist investors in assessing the capital of the Company and its ability to absorb potential losses.

Paycheck Protection Program adjustment excludes the SBA guaranteed loans funded during the first half of 2020. The Company believes loans held for investment (net of deferred fees and costs), excluding PPP is useful to investors as it provides more clarity on the Company's organic growth. The Company also believes that the related non-GAAP financial measures of both provision for loan losses and net charge-offs as a percentage of total loans held for investment (net of deferred fees and costs), excluding PPP, are useful to investors as loans originated under the PPP carry an SBA guarantee and because of the size of the Company's PPP originations and the impact of the embedded credit enhancement provided by the SBA guarantee.
